NUMBER 10

Air Cadet Program Well Attended

A program, sponsored by the local Air Cadet Committee, to raise funds to assist in the expense of the summer camp, was held in the Capitol Theatre last Sunday evening.

A very large crowd gathered, crowding the theatre to the doors, and a splendid program of music and entertainment was offered. The Alberta Ranch Boys heading the program with a number of orchestra numbers, and the members featuring individual and group selections. Dalton Elton and John Wolsey, as CJOE Radio announcers made the announcements. Miss Kay Brewerton of Cardston gave two dance numbers. Jeanine Wilde sang two vocal solos, with Roi Stone at the piano. Harry Fairbanks contributed a Tap Dance with Mrs. Emma Dahl at the piano. Teddy Brewerton gave a piano solo and Golden Snow voiced the appreciation of the sponsors for the fine crowd present, and the thanks of the crowd for the very fine program that had been rendered.

A silver collection was taken up and a nice sum realized to assist the boys in their ten day camp at No. 8 Bombing and Gunnery School.

FRANCON SELMAN PRISONER OF WAR

Mr. and Mrs. Wm. Selman, parents of Francon Selman, of the RCAF, were made glad Thursday morning when a telegram was received advising them that their son who was reported missing several weeks ago was wounded and a prisoner of war. Following is the wording of the telegram:

"M9562. Advice from International Red Cross quoting German information, states your son Sergt. John Francon Selman is a prisoner of war but unfortunately wounded. Letter follows.

RCAF Casualties Officer, 848A."

We rejoice with the parents in this reassuring word of their

LETTER RE STAMPEDE

Citizens of Raymond: A survey of our Public School children reveals that nearly everyone of the 510 are anxiously looking forward to Dominion Day. The Big Parade and Stampede is a high light in their lives, and this is just as it should be. This year more than ever.

We want every business establishment and every family represented in this show. Please check over the list of possible entries below and see which one appeals to you, then notify the Parade Committee what you do. Any new suggestions are welcome and eagerly solicited.

Generous cash prizes will be given for winning entries. Please act at once. Remember the quality of the Parade depends upon your support.

Parade Entries.—Flores, Cars, Novelties, Clowns, Bicycles decorated, Machinery, Bands, Commandos, Soldiers, Sailors, Airforce Cadets, Different Nationalities in costumes, Refugees, Indians, Pioneers, Cow Boys, Cow Girls, Boy Scout Troop, Veterans, Wacs, Best Characters etc. etc.

Come on, now folks, let's all get together and make this the best Parade ever.

Stampede Parade Committee.
J. O. Hicken
George Brewerton
William Anderson
LeRoi Stone
Della Woolf

The Music Club met at the home of Mrs. Scott Selman last Friday and spent their time making a quilt for the Red Cross. The members enjoyed the work and also a splendid social hour and refreshments were served by the hostess.

Mrs. Selman said when she showed us the telegram she was so happy she could hardly talk and we didn't blame her at all.

Hospital Question Discussed

A good crowd gathered in the 2nd Ward Hall Thursday night to participate in the discussion of the organization of a Municipal Hospital District for Sugar City M. D., Stirling, Welling and Raymond. The meeting was an open forum throughout and questions were interjected respecting various points as the meeting progressed.

Hon. Solon E. Low was present and expressed himself as wholly in favor of the move and pledged his support to the limit. Jas. H. Walker, MLA was also present and spoke briefly stating that a hospital was a need of the district, and that if the people wanted it, he would do all in his power to see that they got it.

E. E. Maxwell, Supervisor of Hospitals for the Province then outlined the plans and the necessary steps in the setting up of a district, and as he progressed from point to point, questions were asked and answered. The full details of the proposed plan will be printed next week so that all might study them at their leisure, so that we shall not go into any lengthy report of the meeting here.

The sentiment seemed to be strongly in favor of a Hospital, especially in view of the present overcrowding of the Lethbridge Hospitals, the gas and

the situation, and one of the biggest factors, that under existing conditions our doctor spends at least half his time on the road between here and Lethbridge, so that for half the time we have no doctor. The Committee has gathered considerable information respecting the proposal, and interested parties would do well to discuss the matter first hand with the Committee so that they do not get any false ideas or impressions about the plan that may make them become based in their opinions.

In our opinion, we have a real opportunity. We are paying thru the nose now for every time we need a Hospital, and we are 25 miles away from one. For a nominal sum each year, if we will organize and pull together we can have a hospital in our midst, we can also have a doctor with us all the time, and we can have hospital treatment WHEN WE NEED IT and not when we have to have it. There is a great difference. Think it over fairly and don't be stampeded by erroneous and exaggerated reports. 29 hospitals in the Province have been decidedly successful as Municipal Hospitals, the first ones starting in '19. They have succeeded and carried on at nominal fees to everyone. WHY CAN'T WE?

Ladies Night At Local Lions Club

THE PRIDE OF CANADA

The Union Jack's, the pride of all, Loyal Canadians old and young. For our fathers' years ago, In our hands this flag they flung.

How I love red, white & blue, Blended in so beautifully; Just the sight of this our flag Tells it means the just & free.

And our flag now battered stands With the blood of her brave men; But its waving ever staunch Showing that we'll win again.

For the Lord is on our side Looking down as we fight free. And He'll make this flag win fame, As we march to "Victory."

By Ray Iwasa

IMPORTANT NOTICE

The Red Cross rooms will be closed during the month of July, and it would be appreciated if members and those desiring to assist in this cause, will call at the Red Cross rooms on Tuesday next in the afternoon and secure material for work to be done at home during July.

The Womens work committee are desirous of voicing their thanks for the work that has been done, and earnestly appeal for a continuation of this splendid contribution.

NEWS NOTES

G. Helden Gibb of the Army Dental Corps was home over the week-end with his wife and her folks.

Fred Piepgrass is home from the Hospital following his operation, a little thinner, but feeling good and making steady progress.

Wm. Schneit, youngest son of Mr. and Mrs. Schneit joined the Royal Canadian Navy in Calgary last week.

Mrs. Clifford Gough under went a goitre operation in the Lethbridge Hospital last week, and is making splendid recovery.

Mr and Mrs. R. W. Tolstrup are leaving Saturday morning to return to their home in Prince Albert, Sask., after a vacation here.

Hon. Solon E. Low, Minister of Education and Provincial Treasurer was a Raymond visitor Thursday and Friday of this week.

O. Ray Knight, who has been ill for a long time is showing steady improvement. We are very pleased to report this and wish him a steady and complete recovery.

Next week is the big Stampede and Race Meet. This is Raymond's big annual event and yet will be expected to come out and help make it a success.

Dean Wall, who has been laboring as a missionary in the Western Canadian Mission was a Raymond visitor for a few days this week. He looks fine and is enjoying his labors very much.

The Raymond Lions Club held its Ladies Night at the Sugar Bowl Cafe on Monday evening, June 21st, with Pres. Moreland in the Chair.

The meeting was opened in the usual manner with Lion O. H. Snow offering prayer.

See, Dean Rolfsen read the Financial Statement for the past year which showed the Club in a very sound financial condition.

Lion M. T. King was appointed Lion Tamer for the coming year, releasing Lion J. Weaver, who has signed up with the R. C. A. F.

Lion Phil Baker gave a report on the recent Convention at Kalispell, Mont.

Pres. P. Moreland introduced the new officers for the coming year to the assembly, and each one was given a hearty applause as his name was presented.

A vote of thanks and the Lions Roar was given the outgoing Executive for their fine work during the past year.

A committee was named to arrange for a Float to be put in the Parade on Dominion Day.

The new President, J. Golden Snow thanked the members for their confidence in electing him as President and hoped he and his assistants would be able to uphold the standards of the Club.

Lion J. Weaver led the meeting in community singing, but they were not satisfied until the new Lion Tamer M. T. King showed his merits as a leader of community singing, which he did very well.

The meeting closed by singing the National Anthem.

The remainder of the evening was spent in dancing at the Opera House.

Miss Marie Piepgrass of the CWAC is home on week-end leave.

Mr. and Mrs. Johnny Boehme, who are now living in Bill Spring, were Raymond visitors Wednesday renewing acquaintances.

MARCELLE BARTHE

Marcelle Barthe had the distinction of editing the pattern for women announcers on the Canadian air. Miss Barthe has now attained new honors in the broadcasting field, having been appointed recently to the production staff of CBC's Montreal studios—but she continues to announce several programmes directed especially to women listeners. She joined the CEC in 1941. Her hobby is history. She speaks several languages, is a proficient pianist, and can present a song in highly acceptable manner.

LANDOWSKA

Wanda Landowska has devoted a good deal of her life to making the world understand that museums of music are as vital and necessary as museums of art. She believes old music is frequently more modern than modern music itself. This great artist was born in Warsaw, Poland, of parents who were both linguists of genius and musical amateurs.

UNPLEASANT—BUT
NECESSARY

Rodney Kipling was at his best when immortalizing the colorful British private soldier in prose and verse. A staff officer once asked Kipling why he did not do the same for those of higher military rank. The poet replied that it was impossible to become lyrical over Kings' Rules and Regulations.

It is impossible, of course, to become enthusiastic about rules and regulations of any sort, for the simple reason that by their

very nature they have the effect of restricting the free action of individuals. When anything of the kind threatens British people they are apt to say: "Which is all to the good in time of peace; but in wartime, particularly in war against the most overbearing would-be conquerors the world has ever known, we should all think well before complaining about government orders, which might temporarily deprive us of the only chosen way."

The various orders that are issued from time to time by the National Selective Service are cases in point. Nobody will contend that these orders could possibly be welcomed by anybody. But those in authority have decided that they are necessary and if we are to win this war without too much dislocation of our national life.

The object of the most recent order issued by the National Selective Service is to make available for essential work men who are now employed in non-essential occupations, that is,

men who are producing things or rendering services which, in these difficult times, we can readily do without.

It is not pleasant to have the even tenor of our lives disrupted, but war is no respecter of persons. Thousands of our young men of military age have gone straight from the colleges and joined the armed forces of this country. Thousands of older men have given up lucrative jobs in which the future seemed so bright in order to play an honorable part in putting down oppression. Many of them have already given their lives. It is not too much, therefore, to ask that those men now engaged in non-essential occupations and who are not called to serve in the army, navy or air force, report to the nearest National Selective Service office for either employment which will enable them to make a very direct contribution to our united war effort.—Ottawa Citizen.

A SIMPLE IRRIGATION DAM

To the press:—

I have made what to me is a valuable discovery, and wish to pass it along.

A piece of sheet iron, such as the back of a Meid T Ford seat, part of the bottom of an old binder table, or any other piece of tin as found in any of the junk piles and most back roads makes a better irrigation dam than the canvas dam that has been used so successfully.

The tin dam has these advantages over the canvas:

It is available—easier made,—set—removed—carried and does not rot if left in the ditch for a few days.—Properly set by pushing the bottom into the soil and securing the top it will hold.—Being waste material it is cheaper too.

The one disadvantage: Should be handled with care and with gloves on as it could cut the hands or tear the clothing on some sharp edge.

To handle easier cut the corners off the bottom square edge.

Sincerely yours,

I. B. Roberts

POTATO BEETLE REQUIRE PROMPT ATTENTION

This is the zero hour so far as the attack of the potato beetle is concerned, states Mr. J. E. Eaglesham, Supervisor of Pest Control. These pests have been literally waiting for your potatoes to emerge this year.

Iron and Steel

The Canadian public knows, and admires, the successful struggle against food shortages in which prairie farmers have been, and still are, engaged.

Few people, however, know that but for the patriotism of farmers in the west, some steel mills in the east might have been unable to carry on last winter. About the 1st of July, 1942, a system for collecting scrap iron and steel by country elevator agents was organized. All elevator systems have been engaged in the work. Thanks to the willing response of farmers and the enterprise of elevator agents, 3,200 cars of scrap have been shipped with a total of about 130,000 tons of metal.

40,000 tons remain in dumps at various shipping points. This is because it has been necessary, until recently, to assemble at least 25 tons at a point before loading. Now, however, two stop-overs are allowed in order to make up a carload and, as a result, the local piles of less than carload lots will soon disappear.

This is no time to relax, because the need for scrap iron and steel is urgent. It is estimated that 65,000 tons are still available on farms. The importance of getting this delivered and shipped is very great.

Farmers will be paid \$7.00 per ton for scrap delivered to local elevator purchasing agents. Heavy stuff, such as steam engines, heavy tractors, etc., is worth \$4.50 per ton on the farm. It will be cut up and removed by the cutter crew. Any farmer having heavy scrap which requires the cutter crew should immediately notify the elevator purchasing agent.

The government has publicly acknowledged the achievements of farmers and elevator agents—but requires more scrap urgently. To delay is to postpone final victory.

NOTICE

In the Estate of Arnold H. Zabriskie, late of Raymond in the Province of Alberta, Accountant, Deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named ARNOLD H. ZABRISKIE who died on the 4th day of October 1942 are required to file with the Executrix or the undersigned Solicitor, by the 7th day of August A. D. 1943, a full statement, duly verified, of their claim and of any securities held by them, and that after that date the Executrix will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed, or which have been brought to her knowledge.

DATED at Raymond, Alberta this 21st day of June, A. D. 1943.

WARREN L. JONES,
Barrister and Solicitor
Raymond, Alberta
Solicitor for the Executrix,
Barbara G. Zabriskie.

Mrs. Norman McLean and two children, Donald and Sharon, are visiting for a few days with her sister and brother-in-law Mr. and Mrs. Boothe Card.

The crop is late, the bugs are numerous and early. This is a dangerous combination, necessitating special attention and really prompt action.

A female beetle may lay a thousand eggs, and she is at it now. One thousand greedy bugs will destroy a lot of valuable food and will take a lot of killing. Insecticides are very scarce. So is labor. Let us attack now and conserve these things, and save our potato crops by so doing. This is plain economy.

One part of arsenate of lime or arsenate of lead, or rot paris green mixed thoroughly with 10, 5 and 15 parts of hydrated lime respectively, make good poison dusts for the Colorado potato beetle. They can be dusted onto the foliage after a dew, from a thin cloth bag, or with a real duster. You can use flour instead of the hydrated lime. The above arsenical poisons can be made into poison sprays by omitting the hydrated lime and mixing 5, 7 and 2 teaspoons respectively in a gallon of water. Don't use a sprinkling can to apply a "spray." It cannot be done effectively. If a sprayer is not available employ the dust method.

Town and city gardeners with only small plots of potatoes would do well to pick their potato bugs and crush the bright yellow egg clusters on the underside of the leaves by hand. By so doing they will be saving the limited supply of insecticides for those with large acreages of potatoes who must have them if our potato crop is to be protected.

Damage by the beetle can be prevented, but it cannot be cured.

Are You Prepared?

BECAUSE OF RECENT SUGAR RATIONING REGULATIONS, THERE IS A SERIOUS SHORTAGE FOR FRUIT CANNING THIS YEAR. HOWEVER, THIS NEED NOT CAUSE ANY CONCERN IF YOU HAVE SUFFICIENT LOCKER SPACE RENTED. IF NOT, YOU SHOULD LOOK INTO THIS MATTER IMMEDIATELY. THERE ARE A FEW BOXES LEFT AND WE MAY BE ABLE TO ARRANGE FOR A FEW MORE IF WE KNOW NOW!!

DON'T BE DISAPPOINTED — YOU CANNOT AFFORD TO. ENQUIRE AT THE PLANT TOMORROW FOR PRICES ON CONTAINERS, INSTRUCTIONS FOR PREPARATION OF FRUITS AND VEGETABLES, RATIONING OF MEAT, ETC., ETC.

REMEMBER, THIS IS YOUR PLANT, AND WE ARE HERE TO SERVE YOU.

NATIONAL SELECTIVE SERVICE Important Notice TO CERTAIN EMPLOYERS AND EMPLOYEES

TO MAKE available for essential employment the services of men in classes already designated as callable for Military Training under National Selective Service Mobilization Regulations, two Orders were issued during May.

It is now illegal for any employer to continue to employ or to engage any man affected by these Orders, except under special permit from National Selective Service. Employees affected must report to the nearest Employment and Selective Service Office, and be available for transfer to more important work.

If you as an employer or as an employee, have not complied with these Orders, do so immediately. Get in touch with the nearest Employment and Selective Service Office either personally or by writing. Further delay will involve penalties. Compliance with the law in wartime is the minimum duty of every citizen.

The age and marital classes of men covered by these Orders are as follows:

(a) Every man born in any year from 1917 to 1924 (inclusive) who has reached age 19.

(b) Every man born from 1903 to 1916 (inclusive) who, at July 15th, 1940, was: (i) unmarried; or (ii) divorced or judicially separated; or (iii) a widower without child or children.

(c) Every man born from 1902 to 1916 (inclusive) who has, since July 15, 1940, become a widower without child or children now living.

(d) Every man born from 1902 to 1916 (inclusive) who, since July 15, 1940, has been divorced or judicially separated.

Men as described above are covered if in any of these employments:

(1) Any occupation in or associated with retail stores;

(2) Taverns or other establishments selling liquor, wine or beer;

(3) Barber shops and beauty parlours;

(4) Wholesale florists;

(5) Gasoline-filling and service stations;

(6) Retail sale of motor vehicles and accessories;

(7) Any occupation in or directly associated with entertainment including but not restricted to theatres, film agencies, motion picture companies, clubs, bowling alleys, pool rooms;

(8) Any occupation in or directly associated with dyeing, cleaning and pressing (not including laundry work); bath; guide service; shoe shining;

(9) Any occupation in or directly associated with the manufacturing of feathers, plumes and artificial flowers; chewing gum; wine; lace goods; greeting cards; jewelry;

(10) Any occupation in or directly associated with distilling alcohol for beverage;

(11) Any occupation in or directly associated with the factory production of stannary and art goods;

(12) Any occupation in the operation of ice cream parlours and soda fountains;

(13) Any of the following occupations: bus boys; charmen and cleaners; custom furlers; dancing teachers; dish washers; domestic servant; doormen and starters; elevator operator; greens keepers; grounds keepers; hotel bell boy; porters (other than in railway train service); private chauffeurs; taxi driver; waiter.

If in doubt as to the application of these orders, consult the nearest Employment and Selective Service Office. But once again, if you have not already complied, do so without further delay.

FARM FOR VICTORY

PREVENT AVOIDABLE LOSSES IN HOG PRODUCTION

This is the third in a series of articles on reaching Alberta's hog quota for 1943. One of the biggest factors reducing pork output in Alberta is the loss of pigs by disease. Much of this might be prevented.

The diseases which take our pigs are caused by infection by germs, infestation of parasites such as round worms, or lack of some essential nutrient in the diet. Often it is a combination of all three. Pigs are very of sanitation which keeps the

fect patients. A healthy pig looks like there isn't much that could go wrong with him but once let him become diseased and the job of restoring his health is a real one. Even if the particular disease is cured, the pig has usually lost his thriftiness and costs more to bring him to market weight than he will bring. Prevention is better than cure.

A strong pig, receiving all the required nutrients and living in a dry light environment has the power to resist almost any disease or parasite. There are two basic ideas behind disease prevention — "Sanitation" and "Nutrition". Practice methods of all three. Pigs are very of sanitation which keeps the

for Our Town and District

POTATO BEETLES

This is the zero hour for the attack of the Colorado potato beetle (potato bug). The hard backed adults have been awaiting the emergence of the potato from the ground so they could have a good meal and proceed to lay thousands of eggs on the undersides of the leaves. These eggs hatch into orange colored, soft larvae with an appetite like a horse. Attack the beetles now and save extra expense and the damage of the millions of young bugs. Remember the damage done by the beetles can be avoided but not repaired.

Proper nutrition is most important. The pig's resistance to disease is more important in preventing disease than all the medicine you can buy. We should keep in mind that pigs in their native state lived on a diet of flesh as well as vegetation, a diet very similar to ours. They need all the vitamins, minerals, and animal protein that we do. Grain supplies plenty of energy food but lacks in proteins, vitamins and minerals. Skim milk is a good source of these. If it is not available, protein should be supplied in tankage and alfalfa, minerals in mineral supplements and vitamins in sunshine, green pasture and fish oil.

A discussion of nutrition and sanitation is too lengthy to cover here. Numerous reliable publications on the subjects are in print and can be had from agricultural offices or experiment stations.

After being laid up for a couple of weeks, waiting for repairs, the Municipal maintenance pulled out again Thursday to start work on the roads in the various parts of the Municipality.

SCIENCE STEPS IN TO HELP THE CANADIAN FARMER

Today, in every field of industrial endeavour, science is playing a most important part and, this is true also in farm production. It is combatting the pest menace, enriching the soil, and, what is most important, science is doing a real job for the Canadian farmer in providing the right type of lubrication to protect his farm machinery against today's extra wear and tear. For, in these wartime days, every piece of farm equipment must work harder and longer. The demand on farm machinery for harder work, increases in ratio with the demand on the farmer for greater production. Care, then, for farm equipment is one of the most important considerations. And, proper lubrication means proper care. To afford the farming industry every help in the right selection and prompt supply of correct lubricants, McColl-Frontenac Oil Company Limited has a Representative in this district who is prepared to advise farmers on the operation and preservation of farm machinery.

This Could happen to you!

What would it mean if it did?

OVER and over again, it's the lack of proper lubrication that causes costly breakdowns to farm machinery and damage to parts that may be difficult to replace. There is no need for this to happen to you. For, you can easily obtain a regular supply of the famous McColl-Frontenac farm lubricants from the McColl-Frontenac Representative in your district and avoid loss of time, money and even your equipment itself!

There is a McColl-Frontenac petroleum product made to meet the lubrication requirements of every piece of equipment on your farm.

Here are four that will definitely help you to keep your machinery in perfect working order.

RED INDIAN MOTOR OIL and RED INDIAN AVIATION MOTOR OIL

Here are two great oils that will lengthen the life of any engine. They ensure full power and economy under all operating conditions. These finer oils combat acid corrosion, friction, waste and wear. They stand up under highest engine heat ... they flow and lubricate the moment the engine starts.

TEXACO MARFAK For Wheel-Bearings and Vital Friction Points

This famous lubricant lasts longer and lubricates better under the toughest working

conditions. It is self-sealing and keeps the working lubricant in where it is needed most, prolonging life of bearings and universal joints by keeping out rain, mud and dust.

URSA X** (CANADA) The Perfect Motor Oil for Diesel and Heavy-Duty Gasoline Engines.

Highly resistant to the formation of gum, sludge and carbon, Ursa X** (Canada) keeps rings, ring grooves, valves, screens and filters clean. Provides maximum bearing protection. Ensures full power and lower fuel consumption.

ABUSE OF PRIVILEGES SOLDIERS' PARCELS

Canadian Postal Corps members not easily surprised at the contents of some overseas parcels—but Base Post Office Officials lift their eyebrows to discover ladies' hose, powder puffs, cosmetics, nail polish, children's dresses and even a complete layette for an infant, in gift parcels of comforts intended for the personal use of the soldiers. These disclosures were revealed in damaged parcels while being repacked by the Canadian Postal Corps for a safe outward journey.

Caution is voiced that the special privileges allowed on parcels to Canada's Forces overseas—the reduced rate of 12c. per lb.—the weight provision of 11 lb.—the duty-free entry permitted by the British Government—apply only to packages containing bona fide gifts for their personal use and consumption. Some civilians who address dutiable goods and parcels exceeding 5 lb. in weight to members of the Canadian forces in Britain with the object of being passed on to civilians there—and evading customs duty and full postage—are committing unpatriotic and selfish acts.

Warning has already been given that any such contravention of the privileges extended by the British Administration is likely to result in modification or withdrawal of benefits now enjoyed by the Canadian Armed Services over there. No loyal Canadian would knowingly jeopardize the special privileges on gift parcels to the Armed Forces.

TOP PRICES FOR YOUR HOGS—I buy hogs every Thursday at the Raymond Stock yards. Highest prices.—Ern. H. Nilsson, Raymond.

Mr. and Mrs. W. L. Jones and children left Tuesday for Edmonton, where Warren will attend the Convention of Municipalities representing the Town of Raymond.

MARY M. SUTHERLAND

Elder Wallace Allen, son of Pres and Mrs. H. S. Allen returned last week from a two year's mission in the North-Western States and was a Fine Ward speaker on Sunday.

Program Chairman T. Geo. Wood had the Rotary program on Monday last & conducted a Quiz program that was prepared and mailed out by Rotary International. The members had a very enjoyable time.
